DREAM IMAGERY

Mission-Focused, Where Your Technology Meets Your Vision

CAPABILITY STATEMENT

SERVICES

Your mission.
A smarter way to work.

AI, Microsoft 365 and custom business systems that organize information, connect workflows and support daily operations.

CORE CAPABILITIES

01 Microsoft 365 and SharePoint

Collaboration workspaces, document organization, migration planning and user handoff.

02 AI assistants and automation

Knowledge assistants, intake and approvals, and human-reviewed workflows using Power Platform and suitable AI tools.

03 Custom business systems

Purpose-built applications, operational dashboards and SharePoint Framework interfaces shaped around customer processes.

04 Information governance

Role-based access planning, document control, information management and documented verification.

WHY DREAM IMAGERY

Work directly with Stephen Reid. We define requirements and acceptance criteria, verify deliverables and provide a documented handoff. Technology sourcing can be scoped alongside services.

LEADERSHIP EXPERIENCE

Stephen Reid brings 31+ years of U.S. Army service, including service as a 255A information systems warrant officer. His military experience informs our technical leadership and disciplined delivery.
