DREAM IMAGERY

Mission-Focused, Where Your Technology Meets Your Vision

# CAPABILITY STATEMENT

**PRODUCTS AND SUPPLIES**

# The right technology. A clear path to delivery.

Requirements-based product research, sourcing and fulfillment coordination for government customers and small businesses.

## CORE CAPABILITIES

### 01 Computers and peripherals

Workstations, laptops, monitors and accessories matched to the buyer's specifications.

### 02 Storage and connectivity

Storage devices, networking equipment and supporting components; product and supplier research.

### 03 Print and office technology

Printers, imaging equipment and related supplies sourced through suitable supplier channels.

### 04 Software and AI subscriptions

Business software, AI tools and subscriptions researched against licensing requirements and available channels.

## WHY DREAM IMAGERY

Work directly with Stephen Reid. Before quoting, we check specifications, availability, delivery, warranty terms and required source traceability or authorization. Deployment services can be scoped separately.

## LEADERSHIP EXPERIENCE

Stephen Reid brings 31+ years of U.S. Army service, including service as a 255A information systems warrant officer. His military experience informs our technical leadership and disciplined delivery.
